

Water By-Pass Filter Systems

JDS Water Bypass filter systems are designed and tested to filter city water and protect equipments. When used with JDS Control Panel Boxes and supplied low voltage control relay system, the valves can be switched on and off remotely.

Item Number	Description	Pipe Size	Electrical	Weight
WBP34LV	3/4" Water By Pass w/ Filter, Solenoid, & Low Voltage Panel Box	3/4"	115V 24V	20 lbs
WBP34	3/4" Water By Pass w/ Filter and Solenoid	3/4"	115V 24V	14 lbs
WBP100LV	1" Water By Pass w/ Filter, Solenoid, & Low Voltage Panel Box	1"	115V 24V	25 lbs
WBP100	1" Water By Pass w/ Filter and Solenoid	1"	115V 24V	19 lbs
WBP125LV	1 1/4" Water By Pass w/ Filter, Solenoid, & Low Voltage Panel Box	1 1/4"	115V 24V	30 lbs
WBP125	1 1/4" Water By Pass w/ Filter and Solenoid	1 1/4"	115V 24V	26 lbs
WBP150LV	1 1/2" Water By Pass w/ Filter, Solenoid, & Low Voltage Panel Box	1 1/2"	115V 24V	35 lbs
WBP150	1 1/2" Water By Pass w/ Filter and Solenoid	1 1/2"	115V 24V	29 lbs

Note: Any of these can be ordered w/o Filter or w/o Low Voltage Panel Boxes.

Note: All units come with wrenches. Replacement wrenches and filters can be ordered.
